
GENERAL TERMS & CONDITIONS

Effective from 1 October 2018 until Further Notice

CUSTOMER AGREEMENT

This is a legal contract between Friedberg Mercantile Group Ltd., herein after known as ("Friedberg Direct", "us" or "we") its successors and assigns, and the party/parties (the "Customer", "client" or "you") executing this document. This document, together with our [Risk Disclosure Statement](#), [Trading Conditions and Charges](#), [Privacy Policy](#), [Order Execution Policy](#) and [Terms of Use](#), represents the terms with which Friedberg Direct will do business with Customer. This document sets out the respective rights and obligations of both parties in connection with this service and both parties will accept and be bound by these terms on acceptance of the terms contained herein and on completion of the application form by Customer.

In connection with opening an account with Friedberg Direct to speculate in, and/or purchase, and/or sell, Forex and Contracts for Differences and options on such contracts (hereinafter collectively referred to as "CFDs") where the underlying interests may be equities, commodities, metals, currencies and indices, and the receipt of such other services and products as Friedberg Direct may, in its sole discretion, determine to offer from time to time in the future, Customer acknowledges that it has been advised and understands the following factors concerning trading in the over the counter market ("OTC"), in addition to those contained in the Risk Disclosure Statement which has been provided to Customer.

Friedberg Direct is the execution only division of Friedberg Mercantile Group Ltd., a registered investment dealer and a member of the Canadian Investor Protection Fund and the Investment Industry Regulatory Organization of Canada ("IIROC"). Friedberg Mercantile Group Ltd. is not a reporting issuer, and the CFDs are not listed on any stock exchange and are not transferrable.

You should carefully read and fully understand this agreement before submitting a trade application form to us. By submitting an application form, you are acknowledging that you have read the documents supplied to you, and understand and agree that your relationship with us will be governed by the terms and conditions set out in this agreement. No person has been authorized to give any information or to make any representations other than those contained herein. No securities commission or similar authority in Canada or elsewhere has reviewed or in any way passed upon this agreement or the merits of the CFDs and any representation to the contrary is an offence.

You understand that you will be purchasing CFDs pursuant to an exemption from the requirement to qualify the CFDs by prospectus under Canadian securities laws, and no such qualification is contemplated, and, as a consequence: (i) you are restricted from using certain of the civil remedies available under such securities laws; (ii) you may not receive information that would otherwise be required to be provided to you under such securities laws; and (iii) Friedberg Direct is relieved from certain obligations that would otherwise apply under such securities laws.

GENERAL TERMS & CONDITIONS

In consideration of Friedberg Direct agreeing to provide services to “Customer”, “client” or “you” in connection with the purchase of CFDs and the receipt of such other services and products as Friedberg Direct may, in its sole discretion, determine to offer from time to time in the future and which may be purchased or sold by or through Friedberg Direct for Customer’s accounts(s), Customer agrees that the following rights and obligations will govern the relationship between Friedberg Direct and Customer.

IMPORTANT NOTICES

OTC trading means that trading does not take place on a regulated exchange. Friedberg Direct shall be the counterparty to your trades.

There may be certain cases in which trading liquidity decreases, causing CFDs to cease, thereby preventing the liquidation of an adverse position which may result in a substantial financial loss.

ORDER EXECUTION ONLY ACCOUNT. Friedberg Direct does not provide investment advice and shall deal with you on an execution-only basis at all times. Please note that we will not provide you with any advice on the merits or suitability of your entering into this agreement or any particular CFD. We will not provide you with any tax advice on the same. You may wish to seek independent advice before entering into this agreement and/or any CFD.

No investment advice or recommendation will be provided by us regarding the purchase or sale of any CFD. All trading decisions are made by you and are done so in reliance solely on your own judgement and at your own risk. You must rely on your own judgement and information before trading and, where necessary, seek independent advice. It is your responsibility to be aware of all applicable terms, conditions, rules and regulations that govern your CFD trading.

You acknowledge and agree that information provided by Friedberg Direct, AvaTrade or their employees, agents, or representatives about such things as:

- (i) the OTC derivatives markets and its characteristics;
- (ii) the operation of your account(s) or the terms and conditions of this agreement;
- (iii) the entry and execution of orders or the clearing of transactions;
- (iv) the terms and conditions of CFD contracts;
- (v) the types of orders that can be entered through Friedberg Direct;
- (vi) current exchange rates, market prices, market trends, contract prices or interest rates; or
- (vii) different types of trading strategies used by market participants;

does not constitute a recommendation, solicitation, endorsement or advice relating to any transaction or proposed transaction.

GENERAL TERMS & CONDITIONS

All opinions, news, research, analysis, prices or other information contained on the Friedberg Direct trading platform as powered by AvaTrade, the website or distributed to you by or on behalf of Friedberg Direct are provided as general market commentary and do not constitute investment advice.

In addition, the market commentaries, signals, information provided by and/or distributed by Friedberg Direct are general in nature and based solely on the judgment of Friedberg Direct's personnel or from third party information providers. These market commentaries may or may not be consistent with the market position or intentions of Friedberg Direct, its affiliates, and/or employees. The market commentaries and information provided by Friedberg Direct are based upon information believed to be reliable, but Friedberg Direct cannot and does not guarantee the accuracy or completeness thereof or represent that following such commentaries will eliminate the risk inherent in trading CFDs. Customer understands and hereby agrees that Customer is capable of, and solely responsible for, assessing the merits and risks of any trade it may enter into with Friedberg Direct.

You agree to immediately notify our Compliance Department if any employee, representative or agent of Friedberg Direct provides information to you which you believe is a trading recommendation or investment or tax advice.

NO SUITABILITY REVIEWS. The information collected on the application form is used by us as a method to pre-screen clients as part of the account opening process and is not used to determine your general investment needs and objectives. We, as an execution-only dealer, are not required to, and do not, make any determination as to the suitability of a proposed purchase of CFDs either at the account opening stage or any ongoing trading activity you may wish to conduct.

Customer understands that Friedberg Direct does not permit its Customer representatives to either exercise discretion or manage an OTC account. If Customer's account is not being traded with Customer's authorisation, Customer must notify Friedberg Direct immediately.

SUPPORT SERVICES. Ava Trade EU Limited, a company incorporated in Ireland (company registration number 460012) with its registered office at 5 Lamps Place, Amiens Street, Dublin 1, Ireland, together with its affiliates and subsidiaries, collectively "AvaTrade") may provide you with certain technical support services. While AvaTrade entities may be registered in their home jurisdictions (Ireland) to trade in CFDs and have to comply with local rules on proficiency for salespersons, regulatory capital, insurance, record keeping, etc., it is not registered with any Canadian securities regulator as a dealer in the category of investment dealer. Therefore, the investor protections available under Canadian securities laws may not be available to you. However, nothing in this paragraph should be read to detract from the investor protections available to you as a client of Friedberg Mercantile Group Ltd, which is a registered investment dealer in Canada and a member of the Canadian Investor Protection Fund and IIROC, and such investor protections are not minimized by the engagement of AvaTrade to provide services within prescribed limitations under Canadian law.

GENERAL TERMS & CONDITIONS

Friedberg Direct and AvaTrade have entered into arrangements under which AvaTrade makes platforms and systems available to support the Friedberg Direct trading platform, including for account opening and fund transmission. As well, it is Friedberg Direct's intention that for each CFD it enters into with you it will, in turn, enter into an identical corresponding contract with AvaTrade under which Friedberg Direct will take the same position as that taken by you under your CFD with Friedberg Direct.

AvaTrade will be compensated by Friedberg Direct out of a portion of (and rateably calculated in the same way as) Friedberg Direct's compensation.

Please be advised that it may be difficult to enforce any legal rights against AvaTrade because it resides outside of Canada and all or substantially all of its assets are located outside of Canada.

ADDITIONAL RISK DISCLOSURE WHEN UTILIZING THE TRADING PLATFORM POWERED BY AVATRADE TECHNOLOGY. In addition to the Risk Disclosure Statement, we provide in Section 50 *Additional Risk Disclosure for AVATrade Platform* of this Customer Agreement which you should read and understand fully before trading on the Trading Platform (which includes both the MetaTrader and AVAOptions platform).

PRODUCT AND MARGIN INFORMATION. The particular CFDs which are available to trade from Friedberg Direct, margin requirements and trading hours are listed on the Friedberg Direct trading platform and updated from time to time.

Friedberg Direct's margin policies and/or the policies of those banks/clearing houses through which trades are executed may require that additional funds be provided to properly margin Customer's account and Customer is obligated to immediately meet such margin requirements. Failure to meet margin calls may result in the liquidation of any open positions with a resultant loss. Friedberg Direct reserves the right to refuse to accept any order.

Customer understands that it must carefully review the reports relating to Customer's trading posted online by Friedberg Direct. All reports of execution and statements of accounts will be deemed final unless customer objects within two business days of being posted. Objections may be made initially by email or by telephone, but must be confirmed thereafter in writing.

Customer understands that Friedberg Direct may establish rules and provisions for client accounts, including but not limited to minimum account size, investment time period, commissions and fees, leverage size per instrument, mark ups, rules relating to stop losses and limits, rules relating to rollovers, rules relating to margin calls, or any other financial arrangement, and that such rules and provisions may be changed by Friedberg Direct from time to time.

Customer has read and understands the Customer's obligations and rights under this Customer Agreement and agrees and acknowledges that this Customer Agreement, the Risk Disclosure Statement and the Privacy Policy will comprise the terms of the Customer's relationship with Friedberg Direct. The

GENERAL TERMS & CONDITIONS

Customer agrees that Customer is fully responsible for making all decisions as to transactions effected for Customer's account. Customer has considered the foregoing factors and in view of Customer's present and anticipated financial resources, Customer is willing and able to assume the substantial financial risks of OTC trading.

RISK ACKNOWLEDGEMENT. You acknowledge that trading in leveraged and non-leveraged transactions is speculation, involves a high degree of risk, and is appropriate only for persons who can assume risk of loss in excess of their margin deposit. You understand that because of the low margin normally required in CFD trading, changes in the reference investment rates or market prices may result in significant losses that may substantially exceed your investment and margin deposit. You warrant that you are willing and able, financially and otherwise, to assume the risk of CFD trading, and in consideration of Friedberg Direct carrying your accounts, you agree not to hold Friedberg Direct responsibility for losses that may be incurred. You recognize that guarantees of profit or freedom from loss are impossible in CFD trading. You acknowledge that you have received no such guarantees from Friedberg Direct or from any of its representatives or any referring agent or other entity with whom you are conducting your Friedberg Direct account and has not entered into this agreement in consideration of or in reliance upon such guarantees or similar representations.

IT IS THE CUSTOMER'S RESPONSIBILITY TO FIND OUT ALL NECESSARY INFORMATION ABOUT TRADING IN CFDs AND FRIEDBERG DIRECT TERMS AND CONDITIONS AND MAKE SURE THAT ALL RISKS AND ARRANGEMENTS ARE DISCUSSED AND CLEARLY UNDERSTOOD PRIOR TO ANY TRADING ACTIVITY.

7. GOVERNMENTAL COUNTER PARTY INSTITUTION AND INTERBANKING SYSTEM RULES

You are aware and acknowledge that the requirements for margin vary, and may be changed from time to time, at Friedberg Direct's sole discretion, based upon account size, volume traded and market conditions (as well as any changes required by IIROC). Such margin requirements may be greater or less than margins required by applicable securities legislation, by self-regulatory organization rules or by a counterparty bank. No previous margin requirement by Friedberg Direct will preclude Friedberg Direct from increasing that requirement without prior notice.

GENERAL TERMS & CONDITIONS

- 8.2 Such margin requirements may be greater or less than margins required by those banks or brokers with which trades are executed.
- 8.3 Friedberg Direct may change margin requirements at any time.
- 8.4 Customer agrees to deposit by immediate wire transfer, or other payment method acceptable to Friedberg Direct, such additional margin when and as required by Friedberg Direct and will promptly meet all margin calls in such mode of transmission as Friedberg Direct in its sole discretion designates.
- 8.5 Friedberg Direct may at any time proceed to liquidate Customer's account and any failure by Friedberg Direct to enforce its rights hereunder shall not be deemed a waiver by Friedberg Direct to enforce its rights thereafter.
- 8.6 You agree that, in extreme circumstances where you open CFD position are moving or have moved against you and/or where we have increased the margin percentages, we may or may not make a margin call before exercising our rights under this agreement to close out your CFD. To the extent that we issue or attempt to issue a margin warning or margin call does not lessen our rights under this Agreement to close out your CFD.
- 8.7 Given the serious consequences of a failure to meet the margin requirement at any time or to make a margin payment when due, you are strongly advised to monitor the margin requirement on your account frequently and to ensure that we are able to get in contact with you at all times if necessary and be in a position to make margin payments from wherever you are. You must not rely upon our right to demand margin payments or make margin calls or warnings as a method of monitoring you open contracts, as such monitoring is your responsibility and we accept no liability for it. The level of margin payments demanded does not and is not intended to represent your entire liability to us and we may exercise our rights to close out your open positions if you fail to meet the margin requirement at any time, even where we have made a margin call or issued a margin warning.
- 8.8 Friedberg Direct retains the right to limit the amount and/or total number of open positions which Customer may acquire or maintain at Friedberg Direct, and to increase margin requirements in advance of earnings or other news or events, with or without notice, either before such events or retroactively or at any other time that it deems at its sole discretion.
- 8.9 Orders must be placed allowing sufficient time to execute and to calculate margin requirements.

9. BONUSES

9.1 Currently Not Applicable.

10. OPTIONS

10.1 Options are contracts that give the buyer the right, but not the obligation, to buy (in the case of a Call Option) or to sell (in the case of a Put Option) at a specified price (the "Strike") at a specified time and date (the "Expiration"), from or to the seller of the option. These are commonly known as European style vanilla options.

10.2 The proceeds of the purchase or sale of an Option (the "Cost", or "Premium") will be immediately debited or credited to the cash balance of the account. At Expiration, Options that are in the money will be automatically closed out at intrinsic value, that is, in the case of Call Options, the amount by which the closing price of the Option exceeds the strike price, and in the case of Put Options, the amount by which the Strike exceeds the closing price of the specified FX/CFD. For long Call and short Put positions, the closing price will be the prevailing bid price of the underlying FX/CFD at Expiration; and for short Call and long Put positions, the closing price will be the prevailing ask (offer) price of the underlying FX/CFD, as determined by Friedberg Direct in its sole discretion. Options that are not in the money will expire worthless.

10.3 The Customer acknowledges, recognizes and accepts that Friedberg Direct quotes variable spreads on Options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond Friedberg Direct's control. Friedberg Direct does not guarantee any maximum or minimum quotable option spreads. There may be times when Options quotes are not available in some underlying FX/CFDs.

10.4 We allow you to perform various transactions, including in respect of options based on various indices that shall be defined by us from time to time (for example, index rates and stock and option rates), and to receive financial information and various other services as we shall determine in our sole discretion. Prior to effecting any transaction, we advise you to read the explanations that may be found on the website regarding each type of transaction. The rules of trade are set exclusively by Friedberg Direct.

10.5 We will make available, by posting on www.friedbergdirect.ca/www.avatrade.ca, the current price applicable to a share or index, and offer you the opportunity to submit a put or call position in respect of such share. Each position shall be for a specified expiry time. We expect that the current

GENERAL TERMS & CONDITIONS

- 11.2 All funds, securities, currencies, and other property of Customer which Friedberg Direct or its affiliates may at any time be carrying for Customer (either individually, jointly with others, or as a guarantor of the account of any other person,) or which may at any time be in its possession or control or carried on its books for any purpose, including safekeeping, are to be held by Friedberg Direct as security and subject to a general lien and right of set-off for liabilities of Customer to Friedberg Direct whether or not Friedberg Direct has made advances in connection with such securities, commodities, currencies or other property, and irrespective of the number of accounts Customer may have with Friedberg Direct.

- 11.5 Friedberg Direct shall at no time be required to deliver to Customer the identical property delivered to or purchased by Friedberg Direct for any account of Customer.
- 11.6 This authorization shall apply to all accounts carried by Friedberg Direct for Customer and shall remain in full force until all accounts are fully paid for by Customer or notice of revocation is sent by Friedberg Direct from its home office.
- 11.7 Any failure by Friedberg Direct to enforce its rights hereunder shall not be deemed a future waiver of such rights by Friedberg Direct.
- 11.8 Friedberg Direct is irrevocably appointed as attorney in-fact for Customer and is authorized, without notice to Customer, to execute and deliver any documents, give any notice and to take any actions on behalf of Customer, including the execution, delivery and filing of financing statements, that Friedberg Direct deems necessary or desirable to evidence or to protect Friedberg Direct's interest with respect to any collateral.

GENERAL TERMS & CONDITIONS

11.9 In the event that the collateral deemed acceptable to Friedberg Direct is at any time insufficient to satisfy Customer's indebtedness or other obligations to Friedberg Direct, including obligations to provide margin hereunder, Customer shall promptly pay upon demand the entire amount of such deficit.

11.10 Default of Credit Institution and Monitoring:

11.10.1 In the event of default of one of our appointed credit institutions, Friedberg Direct does not accept responsibility and is not subject to any liability arising from losses to clients arising from such a default.

11.10.2 However, we conduct appropriate and continuing risk assessment of our appointed credit institutions in order to ensure that our appointed credit institutions are safe repositories.

11.10.3 We will supply the details of our appointed credit institutions on request to retail clients, including the names of those institutions and the client account details.

11.10.4 Where Customer does not wish Friedberg Direct to deposit funds with a particular credit institution we will return such funds to Customer as soon as possible.

11.11 Pursuant to section 11.4 Customers trading on the Friedberg Direct platform agree to the transfer of full ownership of funds to Friedberg Direct for the purpose of securing or otherwise covering a required margin and as such the required margin will no longer be treated as belonging to the Customer. Friedberg Direct will deposit the required margin as collateral with its liquidity provider(s). These funds will not be registered in the customer's name. Funds deposited by the Customer in excess of the required margin will be treated as client funds in accordance with the Client Asset.

12. CONFLICTS OF INTEREST

12.1 Friedberg Direct is required to maintain and operate effective organisational and administrative controls to take all reasonable steps to identify, manage, disclose and record conflicts of interest. In order to achieve this Friedberg Direct has established and implemented a Conflicts of Interest policy.

12.2 Where arrangements made by Friedberg Direct to manage conflicts of interest are insufficient to ensure, with reasonable confidence, that risks of damage to client interests will be prevented, Friedberg Direct shall clearly disclose to the client the general nature and the sources of the conflicts of interest before undertaking business on the client's behalf.

14.3 Prior demand or notice of sale or purchase shall not be considered a waiver of Friedberg Direct's right to sell or buy at any time in the future without demand or notice as provided above.

GENERAL TERMS & CONDITIONS

- 14.4 In liquidation of Customer's long or short positions, Friedberg Direct may, in its sole discretion, offset in the same settlement or it may initiate new long or short positions in order to establish a hedge which in Friedberg Direct's sole judgment may be advisable to protect or reduce existing positions in Customer's account.

19.4 Friedberg Direct shall be entitled to setoff Customer's liabilities under this section from Customer's account.

20. PROHIBITION ON ARBITRAGE AND MANIPULATION

20.1 Friedberg Direct does not permit the practice of arbitrage when trading and strictly forbids any form of manipulation of its prices, execution, and platform or making transactions based on errors, omissions or misquotes on the Friedberg Direct platform.

20.2 Price latency, connectivity delays, and price feed errors sometimes create a situation where the prices displayed do not accurately reflect market rates. The concept of arbitrage and "scalping", or taking advantage of these Internet delays, cannot exist in an OTC market where the client is buying or selling directly from the market maker.

20.3 Any transactions that rely on price latency or price feed errors may be subject to intervention which includes the right to void any transactions which Friedberg Direct has determined to be a result of any of these practices, revocation of profits, widening of spreads, block of trading and any other necessary corrections or adjustments on the account without prior notice.

20.4 If Friedberg Direct suspects or has reason to believe that Customer has abused the terms and conditions by hedging positions internally (using other trading accounts held with Friedberg Direct) or externally (using other trading accounts held with other brokers), Friedberg Direct reserves the right to cancel any trades or profits associated with Customer's account(s).

21. EXECUTION OF ORDERS, STOP AND LIMITS

21.1 Friedberg Direct will use commercially reasonable efforts to complete all orders which it may, in its sole discretion, choose to accept in accordance with the oral or written or computer instructions of Customer.

21.2 Friedberg Direct reserves the right to refuse to accept any order.

21.3 Friedberg Direct may, at its sole discretion, allow Customer to specify a closing price for a transaction at the trading platform through a "Close at Loss" and "Close at Profit" order, subject

GENERAL TERMS & CONDITIONS

always to the terms of this Agreement and any other terms and conditions Friedberg Direct may implement from time to time.

21.3.1 “Close at Loss” means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is lower than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is higher than the opening transaction price.

21.3.2 “Close at Profit” means an offer to close a transaction at a price determined in advance by Customer which, in the case of a transaction that is opened by offering to buy a specific number of a certain instrument, is higher than the opening transaction price, and in the case of a transaction that is opened by offering to sell a specific number of a certain instrument, is lower than the opening transaction price.

21.4 Upon Customer's offer and Friedberg Direct's acceptance of an order, Customer hereby authorizes Friedberg Direct to close the transaction at the Close at Loss price or Close at Profit price, as applicable, and as agreed upon in the order, without further instruction from or notification to Customer.

21.5 Friedberg Direct may, in its sole discretion, close the transaction when the price quoted by Friedberg Direct on the trading platform equals the price accepted by Friedberg Direct for such an order.

21.6 Customer acknowledges and agrees that Friedberg Direct shall not be obligated to close a transaction which does not otherwise comply with any other limitations agreed upon with respect to such transaction.

21.7 Customer acknowledges and agrees that due to market volatility and factors beyond Friedberg Direct's control, Friedberg Direct cannot guarantee that a Close at Loss order will be executed at the level specified in Customer's order. In such an event, Friedberg Direct will close the transaction at the next best price.

21.8 If, before Customer's “Limit Order” offer to open or close a transaction is accepted by Friedberg Direct, Friedberg Direct's quote moves to Customer's advantage (for example, if the price goes down as Customer buys or the price goes up as Customer sells) Customer agrees that Friedberg Direct will execute the closing transaction at the Customer's specified price and not better. Customer agrees that Friedberg Direct can retain such price movement for its own account.

21.9 Customer is aware that a part of Friedberg Direct's revenues derives from the spreads on each transaction. The spread is the difference between the bid & the ask price of the price quote on a transaction. Therefore, in case the fair market price reduces Friedberg Direct's spread in a specific

GENERAL TERMS & CONDITIONS

transaction, Friedberg Direct may, at its sole discretion, choose not to execute such transaction, in which case Friedberg Direct may send Customer an amended quote for his/her consideration. Friedberg Direct may complete a transaction at its sole discretion in case the fair market price does not affect Friedberg Direct's spread from the transaction and / or increases it.

22. RISK ACKNOWLEDGMENT

- 22.1 Customer acknowledges that investment in leveraged and non-leveraged transactions are speculative, involves a high degree of risk, and is appropriate only for persons who can assume risk of loss of their entire margin deposit.

GENERAL TERMS & CONDITIONS

50. ADDITIONAL RISK DISCLOSURE FOR AVATRADE PLATFORM

In consideration of Friedberg Direct ("we", "our", "us", "Friedberg Direct") agreeing to enter into over-the-counter ("OTC trading") contracts for differences ("CFDs") and Options contracts ("Options") with you and your utilization of the AVATrade Platform (including the MetaTrader or AvaOptions platforms or any other platform powered by AVATrade as referred to herein as the "Trading Platform"), Customer acknowledges, understands and agrees that:

50.1. THIS RISK DISCLOSURE NOTICE FORMS PART OF THIS CUSTOMER AGREEMENT

50.1.1. This notice provides you with information about the risks associated with OTC trading, but it cannot explain all of the risks nor how such risks relate to your personal circumstances. If you are in doubt you should seek professional advice.

50.1.2. It is important that you fully understand the risks involved before deciding to enter into a trading relationship with us. If you choose to enter into a trading relationship with us, it is important that you remain aware of the risks involved, that you have adequate financial resources to bear such risks and that you monitor your positions carefully.

50.2. APPROPRIATENESS OR SUITABILITY

50.2.1. Subject to our obligation to assess the appropriateness or suitability of OTC Trading for your circumstances, any decision whether or not to open an account, and whether or not you understand the risks is yours.

50.2.2. We may also ask you for information about your financial assets and earnings. We do not monitor on your behalf whether the amount of money that you have sent us or your profits and losses are consistent with that information. It is up to you to assess whether your financial resources are adequate and what level of risk you take.

50.3. ONLY INVEST MONEY YOU CAN AFFORD TO LOSE

Do not invest with money you cannot afford to lose. OTC trading carries a high degree of risk and due to fluctuations in value, the customer may not get back the amount invested.

50.4. OTC DERIVATIVES

Positions opened with Friedberg Direct are not traded on any exchange. The prices and other conditions are set by Friedberg Direct, subject to any obligations we have to provide best execution, to act reasonably and in accordance with the customer agreement and our order execution policy. Each OTC trade that you open through the Trading Platform results in you entering into a contract with Friedberg

GENERAL TERMS & CONDITIONS

Direct; these contracts can only be closed with Friedberg Direct and are not transferrable to any other person or entity. There is no central clearing and no guarantee by any other party of Friedberg Direct's payment obligations to the Customer, thus Customer is exposed to credit risk with Friedberg Direct.

50.5. NO RIGHTS TO THE UNDERLYING INSTRUMENT

CFDs do not provide any right to the underlying instruments, or in the case of CFDs referenced to shares, to voting rights.

50.6. TRADING PLATFORM

50.6.1. The Customer is warned that when trading in an electronic platform he/she assumes risk of financial loss which may be a consequence of amongst other things:

- Failure of Customer's devices, software and poor quality of connection;
- Friedberg Direct or Customer's hardware or software failure, malfunction or misuse;
- Improper work of Customer's equipment;
- Wrong setting of Customer's Terminal;
- Delayed updates of Customer's Terminal.

50.7. MAGNIFIED LOSSES

The nature of margin trading markets means that both profits and losses can be magnified.

50.8. POTENTIAL RISKS

50.8.1. Before you open a trade with us we require you to lodge money with us as Initial Margin and, to keep a Transaction open, you must ensure that the amount in your Trading Account exceeds the Maintenance Margin. The Initial Margin will differ between Instruments and the amounts will be indicated on the Trading Platform. This means that you will be trading using 'leverage' or 'gearing' and this can work for or against you; a small price movement in your favour can result in a high return on the Initial Margin placed for the trade, but a small price movement against you may result in substantial losses.

50.8.2. We will further require you to ensure that the amount in your Trading Account exceeds the Maintenance Margin to keep a Transaction open. Therefore, if our price moves against you, you may need to provide us with substantial additional Margin, at short notice, to maintain your open trades. If you do not do this, we will be entitled to close one or more or all your trades. You will be responsible for any losses incurred.

50.8.3. You should also be aware that under our Customer Agreement we are entitled, at our sole discretion, to make a Margin Call. Under the Customer Agreement, you are required to satisfy any

GENERAL TERMS & CONDITIONS

Margin Calls immediately, by any applicable means in the time prescribed by us. If you do not do this, we will be entitled to close one, or more, or all your trades.

50.8.4. At Expiration, Options that are in the money will be automatically closed out at intrinsic value, that is, in the case of Call Options, the amount by which the closing price of the specified FX/CFD exceeds the strike price, and in the case of Put Options, the amount by which the Strike exceeds the closing price of the specified FX/CFD. For long Call and short Put positions, the closing price will be the prevailing bid price of the underlying FX/CFD at Expiration; and for short Call and long Put positions, the closing price will be the prevailing ask (offer) price of the underlying FX/CFD, as determined by Friedberg Direct in its sole discretion. Options that are not in the money will expire worthless.

50.8.5. Friedberg Direct quotes variable spreads on Options. Variable option spreads are affected by actual market conditions, which are beyond our control. Friedberg Direct does not guarantee any maximum or minimum quotable option spreads. There may be times when Options quotes are not available in some underlying assets.

Risks Related to Long CFD positions

50.8.6. Being long means you speculating that the market price of the underlying will rise between the time of the open and close of the position. As holder of a long position, you will generally make a profit if the market price of the underlying rises whilst your long position is open. On the contrary, you will generally suffer a loss, if the market price of the underlying falls whilst your long position is open. Your potential loss may therefore be bigger than the initial margin deposited. In addition, you might suffer a loss due to the closing of your position, in case you do not have enough liquidity for the margin on your account in order to maintain your position open.

Risks Related to short CFD positions

50.8.7. Being short means, you are speculating that the market price of the underlying will fall between the time of the open and close of the position. As holder of a short position, you will generally make a profit if the market price of the underlying falls whilst your short position is open. On the contrary, you will generally suffer a loss, if the market price of the underlying rises whilst your short position is open. Your potential loss may therefore be bigger than the initial margin deposited. In addition, you might suffer a loss due to the closing of your position, in case you do not have enough liquidity for the margin on your account in order to maintain your position open.

50.9. FLUCTUATIONS IN THE MARKET

50.9.1. It is important that you comprehend the risks associated with trading on a market as fluctuations in the price of the underlying market will have an effect on the profitability of the trade. For example: the value of investments denominated in foreign currencies may diminish or increase due to changes in the rates of exchange.

GENERAL TERMS & CONDITIONS

50.9.2. Slippage is the difference between the expected price of a Transaction, and the price the Transaction is actually executed at. Slippage often occurs during periods of higher volatility (for example due to news events) making an Order at a specific price impossible to execute, when market orders are used, and also when large Orders are executed when there may not be enough interest at the desired price level to maintain the expected price of trade.

50.10. ABNORMAL MARKET CONDITIONS

The Customer acknowledges that under Abnormal Market Conditions the period during which the Orders are executed may be extended or it may be impossible for Orders to be executed at declared prices or may not be executed at all.

50.11. NEED TO MONITOR POSITIONS

Because of the effect of leverage and therefore the speed at which profits or losses can be incurred it is important that you monitor your positions closely. It is your responsibility to monitor your trades.

50.12. OPERATIONAL RISKS

50.12.1. Operational risks with Friedberg Direct on your computer are inherent in every OTC transaction. For example, disruptions in Friedberg Direct's operational processes such as communications, computers, computer or mobile networks or external events may lead to delays in the execution and settlement of a transaction. Friedberg Direct does not accept or bear any liability whatsoever in relation to the operational processes of Friedberg Direct, except to the extent that it is caused by the fraud, negligence or dishonesty by Friedberg Direct.

In connection with the use of computer equipment and data, the Customer bears the following risks amongst other risks, in which cases Friedberg Direct has no liability of any resulting loss:

- Power cut of the equipment on the side of the Customer or the provider, or communication operator (including voice communication) that serves the Customer;
- Physical damage (or destruction) of the communication channels used to link the Customer and provider (communication operator), provider, and the trading or information server of the Customer;
- Outage (unacceptably low quality) of communication via the channels used by the Customer, or Friedberg Direct or the channels used by the provider, or communication operator (including voice communication) that are used by the Customer or Friedberg Direct;
- Wrong or inconsistent with requirements settings of the Customer Terminal;
- Untimely update of the Customer Terminal;
- The use of communication channels, hardware and software, generate the risk of non-reception of a message (including text messages) by the Customer from Friedberg Direct;

GENERAL TERMS & CONDITIONS

- Upon confirmation of an order placed over the telephone, Customer has bought or sold and cannot cancel the Market Order. By placing a Market Order over the telephone, Customer acknowledges and agrees to such immediate execution and accepts the risk of this immediate execution feature; and
- Malfunction or non-operability of the Platform, which also includes the Customer Terminal.

50.12.2. The Customer may suffer financial losses caused by the materialization of the above risks, Friedberg Direct accepting no responsibility or liability in the case of such a risk materializing and the Customer shall be responsible for all related losses he/she may suffer.

50.13. QUOTING ERRORS

Should a quoting error occur Friedberg Direct is not liable for any resulting errors in account balances and reserves the right to make necessary corrections or adjustments to the relevant Account. Any dispute arising from such quoting errors will be resolved on the basis of the fair market value, as determined by Friedberg Direct in its sole discretion and acting in good faith, of the relevant market at the time such an error occurred. In cases where the prevailing market represents prices different from the prices we have posted on our screen, we will attempt, on a best efforts basis, to execute Transactions on or close to the prevailing market prices. These prevailing market prices will be the prices, which are ultimately reflected on the Customer statements.

This may or may not adversely affect the Customer's realized and unrealized gains and losses.
