Our contracts with these third-party providers only allow use of your information to provide these Services and require that they not disclose it unless required in certain situations, like those described in the following paragraph. We review the security policies and practices of our third-party service providers as appropriate as part of our own efforts to maintain the security of your information.

Law Enforcement, Court Orders and Protection of Our Rights. We may disclose any of your information to government officials as necessary to comply with applicable laws and orders. In addition, we limit access to your personal information to those employees, agents, contractors and other third parties who have a business need-to-know. They will only process your personal information on our instructions, and they are subject to a duty of confidentiality. We use industry-standard measures to safeguard all data and have a continuous process in place to test the effectiveness of these measures and to review the threat landscape and new tools available. You have a role to play in security as well, and we ask that you use prudent measures to protect against unauthorised access to your account information, including logging out of your account when finished, not sharing your login information, and taking other customary security precautions appropriate for the situation. The type of organisational or technical measures we use to secure our systems and data may differ depending on the sensitivity of the data and our assessment of how accidental or unauthorised disclosure or use of the data could threaten the rights and freedoms of natural persons. We have put in place procedures to deal with any suspected data security breach and will notify you and any applicable regulator of a suspected breach where we are legally required to do so.

Phishing. We are aware that there are people who may pose as legitimate businesses and try to trick you into disclosing personal information that can be used to steal your identity. We will not request your account login or password, your credit card information or any sensitive data that could be used to steal your identity, such as national identifying numbers, in an unsolicited or non-secure email or telephone call. If you believe that someone representing themselves as being associated with AvaTrade has requested this information in a contact that you did not request or initiate, please contact us immediately at compliance@avatrade.com so that we may verify the identity of the person contacting you and the validity of the request.

8 Data retention

We keep basic information about our customers (including Contact and Identity Data of our customers' representatives) for [six years] after our relationship with them ceases for tax and other legal purposes. If you send us information in connection with a job application, we may keep it for up to [three years] in case we decide to contact you at a later date. Thereafter, we and our duly authorised delegates will refrain from collecting any further personal data on you and shall take appropriate steps to dispose of any records containing your personal data, to the extent this is operationally feasible and proportionate. We reserve the right to delete and destroy all of the information collected about you in accordance with our retention policies unless otherwise required by law.

9 Access to your information

[You have access to your information on your profile which allows you to view and update your account settlings and personal information.]

10 Your legal rights

Under certain circumstances, you have the following rights under data protection laws in relation to your personal data:

Request access to your personal data (commonly known as a "data subject access request"). This enables you to receive a copy of the personal data we hold about you and to check that we are lawfully processing it.

Request correction of the personal data that we hold about you. This enables you to have any incomplete or inaccurate data we hold about you corrected, though we may need to verify the accuracy of the new data you provide to us.

Request erasure of your personal data. This enables you to ask us to delete or remove personal data where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your personal data where you have successfully exercised your right to object to processing (see below), where we may have processed your information unlawfully or where we are required to erase your personal data to comply with local law. Note, however, that we may not always be able to comply with your request of erasure for specific legal reasons which will be notified to you, if applicable, at the time of your request.

Object to processing of your personal data where we are relying on a legitimate interest (or those of a third party) and there is something about your particular situation which makes you want to object to processing on this ground as you feel it impacts on your fundamental rights and freedoms. You also have the right to object where we are processing your personal data for direct marketing purposes. In some cases, we may demonstrate that we have compelling legitimate grounds to process your information which override your rights and freedoms.

Opting out: You can ask us or third parties to stop sending you marketing messages at any time by following the opt-out links on any marketing message sent to you or by contacting us at any time. Where you opt out of receiving these marketing messages, this will not apply to personal data provided to us as a result of a Service purchase, warranty registration, Service experience or other transactions.

Request restriction of processing of your personal data. This enables you to ask us to suspend the processing of your personal data in the following scenarios:

- If you want us to establish the data's accuracy.
- Where our use of the data is unlawful, but you do not want us to erase it.
- Where you need us to hold the data even if we no longer require it as you need it to establish, exercise or defend legal claims.
- You have objected to our use of your data, but we need to verify whether we have overriding legitimate grounds to use it.

Request the transfer of your personal data to you or to a third party. We will provide to you, or a third party you have chosen, your personal data in a structured, commonly used, machine-readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.

Withdraw consent at any time where we are relying on consent to process your personal data. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain Services to you. We will advise you if this is the case at the time you withdraw your consent.

Right not to be subject to automated decision making. As a general rule, you have a right to request not to be subject to a decision based on automated processing (including profiling) which produces legal or similarly significant effects and to have safeguards put in place if any such processing of your personal data occurs.

Contact Us If you would like to exercise any of the above rights, please contact us at compliance@avatrade.com with your request. We may need to request specific information from you to help us confirm your identity and ensure your right to access your personal data (or to exercise any

of your other rights). This is a security measure to ensure that personal data is not disclosed to any person who has no right to receive it. We may also contact you to ask you for further information in relation to your request to speed up our response. We try to respond to all legitimate requests within one month. Occasionally it may take us longer than a month if your request is particularly complex or you have made a number of requests. In this case, we will notify you and keep you updated.

You have the right to make a **complaint** to a data protection supervisory authority at any time. The Data Protection Commission ("**DPC**") is the Irish supervisory authority and can be contacted at info@dataprotection.ie. We would, however, appreciate the chance to deal with your concerns before you approach the DPC, or another data protection supervisory authority so please contact us in the first instance.
